VIJAY-TEJA CONSTRUCTION PVT LTD INDORE -452015, MADHYA PRADESH

M/S VIJAY TEJA CONSTRUCTION PVT LTD Established in 2021, we have now become a base of over 180+ Manpower, VTC Pvt Ltd today has proven experience and expertise in executing various structure work, Precast work and toll building work in expressway road project in India.

Our current running projects with PNC INFRA TECH LTD, Varanasi-Ranchi- Kolkata Project (PKG-2), and Six Lane Indore Dewas Section of NH-52 Limbawas Site-S144 (SUZLON RENEWABLE DEV. LTD)

Our Company VTC Construction PVT LTD is involved in civil construction on a wide scale. Our firm is constituted with the objective of providing engineering and construction solutions to various turnkey projects. This has been made possible primarily due to a committed team of Manager, Engineers and Supervisors who have worked tirelessly the round 'O' clock.

Our vision

Our vision is to become a professionally managed organisation with a strong commitment to our values, powering the progress of our clients and thereby contributing to the nation building.

Our mission

Our mission is to provide reliable service to clients that tend to reduce both energy and monetary losses and to provide superior speciality power services by creating mutually rewarding relationships in a safe, inspiring and open environment.

Our motto:

- Quality execution in line with clients requirement.
- Strict adherence to the time schedule of client.
- Complete satisfaction of client through our workmanship.
- Maintaining long term relation with clients.

Why VTC.....

- Experience of execution of structure work and precast work.
- Outstanding knowledge of safety and environment.
- Highly qualified and skilled civil team
- Working experience of various miscellaneous work in road projects.
- Deliver exceptional results with clients satisfaction
- A skilled and dedicated team of professionals.

Environment, Health and safety statement

M/s VTC Construction Pvt Ltd is committed to provide services and products to its clients at the highest attainable standard of safety and environment protection for its employees, contractors, visitors and other interested parties throughout all areas of its activities, in accordance with client expectations, demands and schedules, providing flexible performance and quick reactions to changes and meeting the quality requirements defines in standards and specifications.

M/s VTC Construction Pvt Ltd will comply with applicable environmental, health and safety laws, directives, regulations and other requirements as a baseline for doing business, not as a goal. We believe compliance is owned by all employees, and will monitor such compliance through regular self-assessments and audits of our operations, take corrective actions as warranted, and include compliance sustainability as a routine part of operations. We will periodically identify those aspects of our operations on a local level which have the most significant environmental, health and safety impact, and establish objectives and targets for continuous improvement in these areas. In particular, we will work to advance the following aspects within our operations:

- * Considering sustainability in the development and adoption of site operations and practices.
- * Reducing workplace injuries and incidents.
- * Reducing ergonomic and manual handling risks in the workplace.
- * Reducing physical and natural disaster risks.
